

SENATE BILL 801

By Overbey

AN ACT to amend Tennessee Code Annotated, Title 68,  
relative to rare diseases afflicting children.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Title 68, Chapter 1, is amended by adding  
the following as a new part 26:

68-1-2601. This part shall be known and may be cited as the "Access to  
Pediatric Rare Disease Treatment Information Act."

68-1-2602. As used in this part, unless the context otherwise requires:

(1) "Essential treatment information" means all treatment information  
pertaining to patients who are under eighteen (18) years of age at the time they  
are diagnosed with any form of cancer, including, but not limited to, leukemia (all  
types), lymphoma, glioma, medulloblastoma, neuroblastoma, Wilms tumor,  
sarcoma, and osteosarcoma;

(2) "Participating institution" means any institution, within or without this  
state, that elects to maintain essential treatment information, as defined in this  
section and issues a statement of participation;

(3) "Participation obligation" means the obligation assured by a  
participating institution under this part;

(4) "Participating state" means any state in the United States that adopts  
legislation that is substantially similar to this part;

(5) "Provide" means to deliver in writing by U.S. mail, common carrier, or  
by e-mail or other electronic means;

(6) "Statement of participation" means a statement to the commissioner of health whereby a hospital or other institution declares its intention and ability to be a participating institution. The statement of participation shall include the words "[name of institution] is prepared to maintain essential treatment information in compliance with Tennessee Code Annotated, Title 68, Chapter 1, Part 26, and accordingly declares that it is a participating institution as that term is defined by the Access to Pediatric Rare Disease Treatment Information Act"; and

(7) "Treatment information" means the following items of information, with respect to a given patient:

(A) All prior zip codes where the patient has resided from birth and the period that the patient resided at each zip code;

(B) Date of diagnosis;

(C) Date of recurrence of cancer, if applicable;

(D) Diagnosis;

(E) Drug therapies administered;

(F) Entry into clinical trials;

(G) Images taken, whether by X-ray, MRI, CAT-Scan or other means;

(H) Outcome of treatment;

(I) Radiation administered; and

(J) Zip code where the patient resided at the time of diagnosis.

68-1-2603. An institution that desires to be a participating institution and can meet its participation obligation shall issue a written statement of participation. The statement of participation shall be delivered to the commissioner of health and shall

either be posted by the institution on a web site accessible by the public or shall be forwarded by the institution in writing to every hospital in this state that has in excess of one hundred (100) beds and provides inpatient care to patients under eighteen (18) years of age.

68-1-2604. A participating institution shall maintain all essential treatment information with respect to patients admitted for care after January 1, 2012, or following issuance of a statement of participation, whichever is earlier. Upon receipt of a written request by another participating institution, a participating institution shall provide all requested essential treatment information to the requesting participating institution within ten (10) days.

68-1-2605.

(a) A participating institution that, upon receipt of a participation request from another participating institution, cannot timely fulfill the participation request, shall provide the requesting institution, within ten (10) days from the date of the original request, either a variance request or a statement of incapacity.

(b) A variance request shall state the date on which the participating institution can fulfill the participation request, not to exceed sixty (60) days, and state the reason that the participating institution requires more than ten (10) days to fulfill the participation request.

68-1-2606. A statement of incapacity shall state that the participating institution cannot fulfill the participation request in whole or in part. At its sole discretion, a participating institution may included in its statement of incapacity the reason that the participating institution cannot fulfill the request; the actions being taken by the participating institution, if any, to develop the capacity to fulfill such information requests in the future; the expected date that the participating institution shall have developed

such capacity; and any other information that the participating institution deems informative.

68-1-2607. A participating institution may satisfy a participation request by providing a requesting participating institution access to a database containing the essential treatment information requested by that participating institution. Such a database may be on the Internet, on a proprietary network, or in any other configuration that permits access by participating institutions at the discretion of the participating institution using the database to satisfy participation requests.

68-1-2608. Statements of incapacity and the participation requests to which such statements of incapacity are directed, as well as minutes of the advisory board, with any appendices, shall be public records as defined in § 10-7-301. A copy of any statement of incapacity, along with a copy of the participation request to which the statement of incapacity is directed, shall be provided, within a reasonable time not to exceed sixty (60) days from the date the statement of incapacity was sent to the participating institution making the participation request, to the commissioner of health and the records management division of the department of general services.

68-1-2609. An advisory board shall provide non-binding guidance with respect to implementation of this part. The appointees shall be selected as follows: two (2) members shall be selected by St. Jude's Children's Hospital, if it is a participating institution; two (2) members shall be selected by the Monroe Carroll Children's Hospital at Vanderbilt, if it is a participating institution; one (1) board member shall be selected by each additional participating institution located in the state of Tennessee; and two (2) members shall be selected by the governor to represent patients and other interested members of the public, as determined by the governor at the governor's discretion. The commissioner of health and each of Tennessee's appointees to the National Conference

of Commissioners on Uniform State Laws shall be non-voting members of the advisory board. The advisory board shall have a chairman, vice chairman, and secretary, to be elected by the members of the advisory board.

68-1-2610. The advisory board shall meet once per year and at such other times as the advisory board deems useful, to be determined at the discretion of the advisory board. The time and location of any meeting shall be determined by the advisory board. A member of the advisory board can participate in its meetings via telephone or other electronic means; however, advisory board members shall make their best effort to attend meetings in person.

68-1-2611. At its required annual meeting, the advisory board shall elect its chair, vice chair, and secretary. The advisory board shall, at its discretion, discuss ways and means whereby participating institutions can expeditiously maintain treatment information, fulfill participation requests, and otherwise contribute to increasing the seamless flow of vital information among participating institutions. In addition, at the request of any member of the advisory board, the advisory board shall address any statement of incapacity issued during the two-year period prior to the annual meeting and, at the discretion of the advisory board, issue a statement regarding the cause for the participating institution's issuance of the statement of incapacity and plans to alleviate that cause and provide for the timely fulfillment of similar participation requests in the future. The advisory board may also address any other subject at its discretion. The secretary of the advisory board shall summarize its proceedings in minutes, which shall be provided to all members of advisory board, voting and non-voting, within sixty (60) days following the conclusion of the required annual meeting of the advisory board. Any member of the advisory board may distribute a comment to the minutes to all members of the advisory board within ten (10) days of receiving the minutes from the

secretary, which comments will be deemed an appendix to the minutes of the advisory board.

68-1-2612. The members of the advisory board shall not be compensated by the state or any subdivision thereof for their participation on the advisory board or for expenses incurred in connection with that participation.

68-1-2613. The requirements of this part shall be in addition to any imposed by federal law or the law of this state. Nothing in this part shall be deemed to slow, inhibit, or restrict transfers of information among participating institutions, between participating institutions and other entities, or between participating institutions and the public. Nothing in this part shall be deemed to require or authorize the violation of any applicable federal or state law concerning the privacy or confidentiality of patient information.

SECTION 2. This act shall take effect upon becoming a law, the public welfare requiring it.
